Description:

From Publishers Weekly In this fun parable written by corporate trainers Loflin and Musig, the hero, Mark, gets more than just an afternoon of family time out of a visit to the circus with his daughter—he gets a new way of organizing his life. Using the extended metaphor of the three-ring circus, this short volume is written as a dialogue between Mark and his ringmaster mentor, who

teaches him how to better coordinate the activities happening in each ring. Readers who take themselves too seriously might have trouble getting past the large print, circus illustrations and a dialogue style more commonly found in children's books. But the book passes along several circus maxims that easily translate to balancing professional and personal relationships as well as one's personal pursuits, such as the ringmaster cannot be in all three rings at once and the key to the success of the circus is having quality acts in all three rings. While the advice is not new, the presentation helps it stick in your head, increasing the odds of keeping your act together. Review □A very useful, lighthearted way to balance the most important things in your work and life□s circus.□

□Spencer Johnson, M.D., author of *Who Moved My Cheese?*

□If your life is so hectic it feels like a three-ring circus, read this book. It will teach you how to set priorities, relax, and enjoy the show!□

□Ken Blanchard, coauthor of *The One Minute Manager* and *The On-Time, On-Target Manager*

□*Juggling Elephants* is a fresh approach to becoming the master of your life. The authors show how to take control of your own personal circus, identify and master your priorities, become more productive and thus achieve greater results in all of your endeavors.□

□Hyrum Smith, cofounder of FranklinCovey and CEO of Galileo Initiative --This text refers to an out of print or unavailable edition of this title.
